Welcome to Farraday Country, set in cattle-ranching west Texas, with all the friends, family and fun that fans have come to expect from USA TODAY Bestselling Author Chris Keniston.

On the way to his family's ranch, Dr. Brooks Farraday encounters what he thinks is a hit and run. Instead he finds a beautiful stranger in the road petting a stray dog. He wants to be the friend she needs, but falling for her could come at too high price.

For Toni Castellano, attending a friend's wedding in West Texas seems the perfect escape from her life in Boston. The last thing she needs is another man in her life. She fell for Prince Charming once with disastrous results. But could Brooks Farraday really be her knight in shining armor?

Praise for the Farraday Series:
